Pair DESC:DESC_3__GPC:GPC_2. A coordination lead worth a planner's conversation, not a compliance finding or a savings estimate.

Coordination card

Deterministic facts

- Centers are **5.65 mi** apart (center-to-center, not a route; unrounded 5.650181 mi), under the 25 mi overlap rule. < 10 mi
- Planned in-service dates: 12/31/2025 (Jasper - Okatie 230 kV #2: Construct) and 6/1/2026 (SAV: MCINTOSH - PURRYSBURG 230KV REACTORS): **in service 152 days apart**. An in-service date is a milestone, not a construction window.
- View **historical** at analysis date 2026-09-26; priority rank **1** (< 10 mi band, then gap, then distance). Needs review
- Rules: overlap-25mi-v1, ranking nearby-band-v1.
